PRODUCTION CAR TRIAL
QUESTIONNAIRE FOR COMPETITORS & ORGANISERS

To: motor clubs involved in PCTs

Dear fellow PCT enthusiasts

The MSA Trials Committee and BTRDA, in a joint initiative, are seeking to **promote PCTs at all levels**, it being apparent from the number of events held, and from competitors' and organisers' feedback, that the sport needs to evolve in order for it to survive.

In order that we can respond to the views of all interested parties, we are circulating the enclosed questionnaire as widely as possible, but we **need your help!**

Will you please **arrange the distribution of the enclosed forms** to be circulated to all persons interested in PCTs, whether as past, present or prospective competitors or organisers within your motor club. The forms may be freely copied, or further supplies obtained from the contact below. We must emphasise that we seek feedback from **competitors at all levels in the sport**.

We take the opportunity to remind you that details of our respective championships can be found at www.msauk.org and www.btrda.com and we shall be pleased if you will draw your members attention to these; a mention in your newsletter or magazine would also be helpful.

Thank you for your help in passing on the word about PCTs, it is much appreciated.

Yours sincerely

Neil Mackay
CHAIRMAN – BTRDA PCT COMMITTEE

Due to the steadily decreasing number of competitors in championship PCTs, a joint initiative between the BTRDA and MSA Trials Committees is considering major changes to rejuvenate the sport and attract new competitors.

As you have been identified as having an interest in PCTs, your views are important and we **urge you to complete and return this questionnaire without delay**. In considering your response, please note that only broad principles are covered and not, at this stage, the detail.

Please feel free to add succinct comments on the reverse, cross-referencing as applicable.

	PRODUCTION CAR TRIAL QUESTIONNAIRE	**Strongly Agree**	**Agree**	**No preference**	**Disagree**	**Strongly Disagree**
		(Please Tick Box)				
1	I favour retaining the mandatory front seat passenger					
2	Re-name the sport as Car Trials					
3	Re-name the sport as AutoTrials					
4	All championship events to be spread across Sept - May					
	A Three Class Structure:					
5a	Class One: all standard cars built after 1995					
5b	Class Two: fwd cars not eligible for Class One					
5c	Class Three: rwd cars not eligible for Class One					
6	Abolish the Index of Performance					
7	Limit the time taken to study sections					
8	Event may include a section with a stop and re-start					
9	Event may include a timed special test					
10	Event may include a section where 2 consecutive attempts are allowed – best to count					

Completed forms should be returned to:
